Dazzle* DVD Recorder

Transfer your movies to DVD – instantly!

Product Overview

Dazzle DVD Recorder is a plug-and-play USB 2.0 device that allows for easy capture of home videos and TV recordings directly to DVD via VCRs, camcorders or other video equipment. Easy-to-use software is included for quick transfer of video content straight from tape to DVD, with optional menu and chapter functions for simple navigation. A step-by-step wizard guides you through the process, and an advanced mode is available for menu customisation. You can burn your video directly to a DVD without first copying files to the PC hard drive, saving both valuable time and space.

Combined with the unique wizard-based, friendly interface of the Dazzle Instant DVD Recorder software, the powerful Dazzle video capture device allows you to quickly and affordably back up personal video collections.
